 ESTABLISHED 1841.

PATENT MINERALISED INDIA RUBBER WATERPROOFS,

In no way affected by either Heat or Cold.

WILLIAM WARNE & CO.

are now prepared to execute orders for their Patent Mineralised India Rubber Waterproof Cloths, Coats, Cloaks, Ground Sheets, &c.

The important advantages which attach to these Patent Waterproofs may be estimated by the fact, that, to become mineralised, the proofed Cloths must be subjected to a temperature of, at least, 280 degrees, by which the nature of the India Rubber is chemically so changed that no heat can afterwards affect it, and the tackiness to which all other Waterproofs are liable is entirely remedied: while, not being affected by cold, the Patent Mineralised India Rubber Waterproofs always retain their original suppleness—the peculiar characteristic of the Patent process. These patent Waterproofs, to which the attention of MERCHANTS and SHIPPERS, as well as of OFFICERS in the Army and Navy, is specially directed, are warranted to stand the extremes of heat or cold without injury. The lightest and stoutest fabrics of silk and cotton are now mineralised, and are, as well as Sailing Hats, Sou-Westers, Air Beds, Air Cushions, Life and Swimming Belts, Traveling Rugs, and all other descriptions of India Rubber Goods, to be obtained through all respectable dealers in Waterproof Goods in Town and Country. Wholesale, of the only Manufacturers, the Patentees, at their Warehouse, No. 9, GRESHAM STREET WEST. Factory—Tottenham, Middlesex.

CERTAINTY IN DYEING THE HAIR

Has at last been thoroughly effected by the "TINCTURA," a fragrant Extract by which an shade in Brown or Black is produced instantly and permanently.

Those who have been deceived by any of the Dyes in use at present, will appreciate the value of this important discovery. Private Rooms, replete with every convenience, are reserved expressly for its application.

PERFECTION IN WIG MAKING

Is accomplished by the introduction of H. P. TRUEFITT'S NEW DIVISION, which combines the durability of the skin with the transparency of the net parting, and perfectly avoids that great objection to ornamental Hair, the DARK LINE ON THE FOREHEAD, it being now impossible to discover where the Wig commences. This valuable discovery is applicable to Ladies' Bands, Fronts, &c.

SARSAPARILLA.

IT is asserted by many eminent medical men that there is no Medicine in the Materia Medica comparable to Sarsaparilla for recruiting the debilitated constitution, restoring the tone of the stomach, improving the general state of the system, and, by its continued use, removing various morbid symptoms ascribed to a deranged condition of the fluids—such as eruptions on the skin, ulcerations, scorbutic and cutaneous diseases, and rheumatic pains, operating as a general and complete purifier of the blood.—**BUTLER'S "COMPOUND CONCENTRATED DECOCTION, OR FLUID EXTRACT OF SARSAPARILLA,"** is the original of the now numerous preparations of the kind, and is extensively prescribed by Medical Practitioners; it is most carefully prepared from the finest Jamaica Sarsaparilla imported, at a low temperature, so as to preserve entirely the virtues of the root in their most efficient and concentrated form. A pint bottle is equal to four quarts of the ordinary preparations.

Prepared and sold in pint bottles, 20s.; half-pints, 10s.; and quarter-pints, 5s., by **BUTLER and HARDING, CHEMISTS, 4, Cheapside, corner of St. Paul's, London.**

BUTLER'S TASTELESS SEIDLITZ POWDER, IN ONE BOTTLE.

This useful aperient preparation, besides forming an equally efficient and far more agreeable draught than that produced by the common Seidlitz Powders, is made in much less time, and with infinitely less trouble. To allay fever or thirst, a teaspoonful, in water, forms a most refreshing saline draught. Being enclosed in a bottle, it will remain uninjured by humidity during the longest sea voyage or land journey.

Sold at 2s. 6d. the bottle (which is enclosed in a case, and accompanied by a measure and spoon), by the preparers, **BUTLER and HARDING, Chemists, 4, Cheapside, corner of St. Paul's, London.**

BUTLER'S TARAXACUM, OR DANDELION COFFEE.

This truly wholesome and agreeably flavoured beverage contains "the full medicinal properties of the Dandelion, which are most skilfully and delicately preserved in this preparation of the root of that vegetable."

The Inventors think it would be superfluous in this address to say more than that the medical faculty have, for years, recommended this dietetic article for the cure of Affections of the Liver, Kidneys, and Digestive Organs; the symptoms of which are exhibited in forms more familiarly known as Bile, Dyspepsia, or Indigestion, Pulmonary Consumption, Calculous Affections, Jaundice, Constipation of the Bowels, or Habitual Costiveness, Cutaneous Affections, or Diseases of the Skin, Bilious Fevers, Nervous Affections, Depression of Spirits, Loss of Appetite, Flatulency, or Debility of the Stomach, together with other Functional derangements. In promoting a healthy secretion of bile, &c., it may be employed with great advantage.

This important invention has received the approbation and patronage of the most eminent members of the medical profession; amongst whom, for example, the following few may be mentioned, viz., Drs. Babington, Blundell, Brodie, Bryant, Conquest, Dunn Elliotson, Hall, Jephson, Johnson, Key, Marsden, Morton, Pardoe, Phillip, Prout, Roberts, Roots, Sigmond, Williams, Yeomans, &c.

Sold in Tin Canisters at 2s. 6d. and 4s. 6d.; and may be had, with printed directions, at most Druggists, Medicine Warehouses, and Tea Dealers, or direct from

BUTLER and HARDING, 4, CHEAPSIDE, LONDON.

For Shipping it will be found an excellent article, and its cooling, purifying, and detergent properties, render it a most valuable beverage for the Indies, or other warm or Continental climates.

BUTLER'S MEDICINE CHEST DIRECTORY.

Family, Sea, and Government Medicine Chests, fitted up with appropriate Medicines and Directions, for all climates.

BUTLER AND HARDING,

BANK OF DEPOSIT, NATIONAL ASSURANCE AND INVESTMENT ASSOCIATION,

3, PALL MALL EAST, LONDON.

ESTABLISHED A.D. 1844.

Empowered by Special Act of Parliament.

CAPITAL STOCK, £100,000.

This Association is composed of two distinct and separate branches:—the one comprising the business of a BANK OF DEPOSIT for the Investment of Capital; the other the ordinary transactions of Life Assurance.

BANKING DEPARTMENT.

The object of this Department is to afford a safe and easy mode of Investment, and to effect important improvements in the present system of Monetary economy, both as regards the security afforded to the Public and the rate of interest realised.

The plan of the BANK OF DEPOSIT differs materially from that of ordinary Banks, or Savings' Banks, in the mode of investing Capital—ultimate profit and security being the main objects regarded, the Board of Management principally employ their Funds in Loans upon vested Life Interests and other similar securities, and in the purchase of well-secured Reversions, a class of securities which, although not immediately convertible, it is well known yields the greatest amount of profit, combined with the most perfect safety.

RATE OF INTEREST.

The present rate of Interest is five per cent. per annum, payable half-yearly; and the Board of Management confidently anticipate that a careful and judicious selection from securities of the above description will enable them to continue this rate to the Depositors.

INVESTMENT ACCOUNTS.

Money is received daily, between the hours of TEN and FOUR o'clock. Investment Accounts may be opened with capital of any amount, and increased from time to time, at the convenience of Depositors.

A Stock Voucher, signed by two Directors, is given for each sum deposited.

INTEREST.

The INTEREST is payable in JANUARY and JULY, and for the convenience of parties residing at a distance, may be received at the Branch offices, or through Country Bankers, without expense.

FINSBURY SQUARE,

London.

PRIZE MEDAL OF THE EXHIBITION.

(Near the Bank of England.)

BATTY & FEAST. CLASS 11.

ROBERT FEAST begs respectfully to solicit the attention of his Friends and the Public to the following Declaration, which he reluctantly, but in his own defence, has been advised to make, in consequence of a statement having been put forth by his late partner, and most industriously circulated by him, in the shape of a paper headed "CAUTION," viz. that the ONLY PRIZE MEDAL for PICKLES, &c., granted by the Council of the Great Exhibition of all Nations in 1851, was awarded to BATTY and Co. This being untrue, and if suffered to go uncontradicted, calculated to do R. F. considerable injury, induces him to place the FACTS of the case before the public, confident his friends and the world will feel and appreciate the peculiar position in which he has been placed.

Declaration made before the Rt. Hon. the Lord Mayor of the City of London.

(COPY.)

I, ROBERT FEAST, of No. 15 and 16, Finsbury Pavement, in the City of London, Italian Warehouseman, do solemnly and sincerely declare that I was in Partnership with Mr. GEORGE BATTY for the term of eighteen years, that is to say, from the twenty-fourth day of June, one thousand eight hundred and thirty-four, to the eleventh day of August, one thousand eight hundred and fifty-two, and that no other person was ever in partnership with us or either of us: And I further declare that the Council of the Great Exhibition of Works of all Nations, in one thousand eight hundred and fifty-one, awarded the only Prize for Pickles to the said GEORGE BATTY and this Declarant ROBERT FEAST, trading as and exhibiting the Goods as Messrs. BATTY and FEAST: And I declare that one Medal was delivered to the said GEORGE BATTY and one to Myself, the undersigned, ROBERT FEAST, which Medals are now in our respective possession: And I declare that it is untrue that any Prize was awarded to any such persons as "BATTY and Co.;" and that it is also untrue that BATTY and Company, of Leadenhall Street, have any Prize Medal whatever in their possession issued by the said Council to any such firm as "BATTY and Co.," but that the said GEORGE BATTY has only one of the above-mentioned Medals issued by the said Council to "BATTY and FEAST."

And I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the provisions of an Act made and passed in the sixth year of the reign of His late Majesty King William the Fourth, intitled "An Act to repeal an Act of the present Session of Parliament, intitled an Act for the more effectual Abolition of Oaths and Affirmations, taken and made in various departments of the State, and to substitute Declarations in lieu thereof, and for the more entire suppression of voluntary and extra judicial Oaths and Affidavits, and to make other provisions for the abolition of unnecessary Oaths."

ROBERT FEAST.

Declared at the Mansion House, in the City of London,

The Twenty-second day of July, 1854,

Before me,

THOMAS SIDNEY, Mayor.

COPY OF CERTIFICATE.

I hereby certify that Her Majesty's Commissioners, upon the Award of the Jurors, have presented a Prize Medal to BATTY and FEAST, for Pickles shown in the Exhibition.

Exhibition, Hyde Park.

London, 5th Oct., 1851.

(Signed) ALBERT,

President of the Royal Commission.

R. FEAST respectfully informs the Public of the United Kingdom, the Continent, and the Colonies, where the articles of the late Firm's Manufacture and his own have been so long favourably received and approved, that he continues to manufacture and forward goods of every description of first-rate quality, known as OILMEN'S STORES, properly prepared for every quarter of the world, as well as for home use.

CAUTION.—Purchasers and Friends of R. FEAST are respectfully but earnestly requested to observe that all goods and preparations sent out by him have on the labels facsimiles of the Prize Medal granted by the Commissioners of the Royal Exhibition of 1851 to the late firm, for the superiority of their Pickles, &c.; and this being awarded in the names of BATTY and FEAST only, a Prize Medal and the Certificate being in the possession of R. FEAST, it is unnecessary to remark, that no other person can claim the like distinctive honour.

R. FEAST has likewise secured goods sent from his house by an additional label printed in red, and bearing the number and class of the goods exhibited, and finally by the use of Betts's Patent Capsule, having on the face the medallion portraits of Her Most Gracious Majesty and Prince Albert, which is placed on every Bottle and Jar: without these distinguishing marks, R. FEAST cannot guarantee or be answerable for the contents or quality. R. F. is sorry to trouble his friends with so lengthened a description of his trade marks, but it becomes absolutely necessary from the attempts of parties to endeavour to mislead.

PLUM PUDDINGS FOR THE CRIMEA.

"We understand that Mr. ROBERT FEAST has prepared and shipped, partly by the *Osprey*, and the remainder by other vessels, some 2,000 Plum Puddings for the Army in the East, the whole of which will have ample time to arrive before Christmas. The Puddings intended for the Officers are of the very best materials, and those for the men but little inferior. They are contained each in a hermetically-sealed tin case in two wrappers, the inner one serving to re-boil the pudding in, and the outer, if the attacking party be in want of a table-cloth, to eat on. These Plum Puddings in the Crimea will prove 'a feast' indeed, and although they go out from the Pavement, the fruit is destitute of stones."—*Globe and Observer*, Dec. 2, 1855.

NEW LABEL.

In consequence of the great variety of Counterfeit Labels of "**ROWLANDS' MACASSAR OIL**" now in circulation, and which so nearly resemble the Original as frequently to deceive the unwary, the Proprietors, desirous of protecting the public from fraud and imposition, and regardless of expense in the attainment of their object, have employed those celebrated artists, Messrs. PERKINS, BACON, and Co., who, at great cost, have succeeded in producing from steel a "**NEW LABEL**," so beautiful and intricate in execution, as to prevent it from being forged. The subjoined

is a small copy *in outline* of a portion of the Label.

Another portion contains the signature of the Proprietors in red ink.

"A. ROWLAND & SONS."

1 Major Blakiston having passed through the Royal Military Academy at Woolwich in 1802, he proceeded to India as a Cadet in the East India Company's Service, and was appointed to the Corps of Engineers on the Madras Establishment, being then on half-pay as a Lieutenant in H.M. Service. In 1803 he served in the campaign against the Mahrattas, and was engaged in the battles of Assaye and Argaum, and at the sieges and assaults of Ahmednuggur and Gawilghur. At the suppression of the mutiny at Vellore in 1805 he directed the guns by which the gate was blown open. In 1810 he acted as Chief Engineer at the capture of the Island of Bourbon. Having been employed in reconnoitring the coast of the Isle of France previous to the arrival of the expedition, he was instrumental in discovering the spot where the descent was made; and, having been appointed to the charge of the Guides, he led the advance of the Army until the surrender of that Island. For his services on the above occasion he was nominated Extra Aide-de-Camp to the Commander-in-Chief, Sir Samuel Auchmuty, on the expedition to Java in 1811; and having been sent in advance with the Chief Engineer to fix on the point of landing, he was engaged in a serious affair on the coast in the boats of H. M. ships *Barracouta* and *Leda*. On the landing of the Army he was engaged in the affairs of Wellevrieden and Samarang, and at the siege and assault of the fortified position of Cornelis. In 1812, having attained the rank of Captain in the corps of Madras Engineers, he returned on furlough to England. Shortly afterwards, having been placed on full pay in H. M. 87th Regt., he was appointed to a Company in the 17th Portuguese Regt., with which he served in the Light Division of the Peninsular Army until the conclusion of the war; having been present at the battles of Vittoria, Nivelle, Nive, Orthes, and Toulouse, and in all the affairs in which the Light Division was engaged. At the siege of San Sebastian he volunteered as an Engineer, and while so engaged was severely wounded. For his services on this occasion he was promoted to a Company in the 27th Regt.; in 1816 was placed on half-pay; and on the 23rd June 1843 he was brought on full pay of the 51st Regt., and retired by the sale of his commissions. He has received the War Medal with six Clasps; also the Indian War Medal.

2 Lt.-Col. Cooke served with the 43rd Regt. at Walcheren, in 1809. In June 1811 he joined the Light Division in the Peninsula, and was present at the siege and storming of Ciudad Rodrigo, and of Badajoz (wounded at the assault), actions of Castrejon and San Christoval, battle of Salamanca, actions of San Munoz and San Milan, battle of Vittoria (wounded), actions in the Pyrenees, siege of San Sebastian, the attack on the heights of Vera, battle of the Nivelle, battles of the Nive on the 9th, 10th, 11th, 12th, and 13th Dec., actions at Tarbes and Arcangues, battle of Toulouse, besides various affairs of less importance. On the 8th Jan. 1815, he was present at the attack on the American Lines before New Orleans. He served afterwards with the Army during the Occupation in France. He has received the War Medal with eight Clasps.

3 Lt.-Colonel Nevill served in the Peninsula with the 2nd Battalion of the 30th, from July 1810 to May 1813; also the campaign of 1814 in Holland, and that of 1815 in the Netherlands: he was present at the defence of Cadiz, occupation of the lines of Torres Vedras, various minor actions when in pursuit of Massena, battle of Fuentes d'Onor, siege of Ciudad Rodrigo, siege and storm of Badajoz (severely wounded in the head and leg when leading the ladder party in the Escalade of the St. Vincent Bastion), battle of Salamanca, capture of Madrid, siege of Burgos (severely wounded through the left shoulder in the storm of the first line of the castle, 4th Oct. 1812), bombardment of Antwerp, assault on Bergen-op-Zoom, battle of Waterloo, and capture of Paris: throughout all the above-mentioned sieges he acted as an Assistant Engineer. In 1817-18 and 19 he served in the Mahratta war, from the battle of Mahidpore (as a volunteer) to the siege of Asseerghur; and in 1820 he was attached to the Nizam's Troops at the capture of a Predatory Force. After serving 22 years in India with the 30th and 18th Dragoons, and 26th and 63rd Regts., his health failed when in command of the left wing of the 63rd, in a very unhealthy climate. He has received the War Medal with four Clasps; also the India War Medal.

5 Captain M'Coy was present at the operations against the rebel natives of the Southern district of New Zealand, in the Horokiwi Valley, including the skirmish on the 6th Aug. 1846. Also present in the action at Wanganni on the 19th July 1847.

7 Captain Hobson served with the 10th Foot in the Sutlej campaign in 1846, and was present at the battle of Sobraon (Medal).

1 Lord Gough served at the capture of the Cape of Good Hope, and the Dutch Fleet in Saldanha Bay, 1795. Served afterwards in the West Indies, including the attack on Porto Rico, the brigand war in St. Lucia, and capture of Surinam. Proceeded to the Peninsula in 1809, and commanded the 87th at the battles of Talavera, Barrosa, Vittoria, and Nivelle, for which engagements he has received a Gold Cross. He also commanded the Regiment at the defence of Cadiz and of Tarifa (slightly wounded in the head). At the battle of Talavera his horse was shot under him, and he himself was afterwards severely wounded in the side by a shell,—for his conduct in this action the Duke of Wellington subsequently recommended that his Lieut.-Colonelcy should be ante-dated to the date of his despatch, thus making him the first officer who ever received Brevet rank for services performed in the field at the head of a regiment. At Barrosa his Regiment captured the Eagle of the 8th French Regiment; and at Vittoria they captured the Baton of Marshal Jourdan. At the Nivelle he was again severely wounded. Commanded the Land Force at Canton—for which he was made a GCB.—and during nearly the whole of the operations in China,—for which service he was created a Baronet. On the 29th Dec. 1843, with the right wing of the army of Gwalior, he defeated a Mahratta force at Maharajpore, and captured 56 guns, &c. In 1845 and 46 the Army under his Lordship's personal command defeated the Seik Army at Moodkee, Ferozeshah, and Sobraon, for which and previous services he was raised to the Peerage; and, in 1849, he was created a Viscount after his crowning victory over the Seiks at Goojerat (Medal and Clasp).

2 Mr. Siddall served the campaign of 1815, and was present at the battle of Waterloo.

3 Captain Leslie served in the Eastern campaign of 1854, and was severely wounded at the battle of the Alma, while serving as orderly officer to Lord Raglan (Medal and Clasp).

Commanded the 6th Regt. on the 6th Feb. when attacked by a large force of Kaffirs between Fort Cox and Fort White, at which time a hundred of the enemy were killed (mentioned in General Orders). Appointed Commandant of Port Elizabeth and the district of Uitenhage in March 1851, and was placed in command of 300 levies and 100 mounted burghers for the purpose of keeping the Zuurberg mountains clear of the enemy, and also the keeping open the communication between Port Elizabeth, and Graham's Town. Was engaged in several minor affairs with the enemy from the above time to the close of the war in March 1853 (Medal).

6 Maj. Mansergh served with the 6th Regt. in the Kaffir war from the attack in the Boomah Pass, 24th Dec. 1850, to the conclusion of the war in 1853 (Medal). On the disbandment of "Catty's Rifles," he rejoined his Regt. (the 6th), and proceeded with the expedition against the paramount chief Krel, and on his return to head-quarters was appointed to the command of Fort Grey, which he held till the cessation of hostilities, during which period, besides rendering the post perfectly defensible, wagons and cattle, which were on three occasions taken by the enemy and driven off, were recaptured by the garrison under Capt. Carlist army, 16,000 strong (about double the allied force), and obliged to retreat about one mile, but with a less loss in killed and wounded (600) than that of the enemy. Resumed the offensive the following month—capture of Hernani by escalade, 14th May—of Oyazun, 16th May—of Yrun, by storm, 17th May—of Pontarabia by capitulation, 18th May. These, and other minor affairs, were for the most part, severely contested, and cost (including those of the enemy) above ten thousand killed and wounded. Excepting occasionally two or three stragglers, generally without arms, the Legion never lost (under his command) prisoners, artillery, or equipage, though utterly contrary statements repeatedly appeared at the time—while he took from the enemy 100 officers, 1000 men, thirty pieces of cannon, several entrenched positions, fortified towns and posts, with an extensive and most important strategical tract of the insurgent territory, including their main line of retreat, communication and supply. Thenceforth “The frontier was effectually closed against the entrance of resources to the Carlists, except by the small mountain passes, which are only accessible to foot passengers, or mules lightly laden”—(British Commissioners’ Despatch, Parliamentary Paper)—and thus did this auxiliary corps decisively contribute to the successful termination of the war. He holds the rank of *Lieut.-General* in the national army of Spain, by license of a British royal warrant; also, honoured by her Majesty for these services with the Cross of Commander of the Bath, and by the government of Spain with the grand crosses of St. Ferdinand and Charles III. Received his Company, Majority, and *Lieut.-Colonelcy* in the British service for conduct against the enemy. Sir De Lacy has received the War Medal with three Clasps for Vittoria, Pyrenees, and Toulouse. Commanded the 2nd Division in the Eastern campaign of 1854, including the battles of the Alma (wounded), Balaklava, and Inkerman, and siege of Sebastopol, comprising the repulse of the powerful sortie on the 26th Oct. 1854.

In August 1849, a determined and desperate band of insurgent fanatics having defeated a native force which had been marched against them, killing a European officer and several Sepoys, Major Dennis, with a force consisting of the Grenadier Company of the 94th and 100 Sepoys of the Madras Native Infantry, encountered them at a Pagoda near Teermanam Coonetos, in Malabar. On the approach of our troops these madmen, armed with matchlocks, spears, swords, and war knives, rushed out upon the detachment, and a sanguinary conflict ensued, terminating in the destruction of the entire Mopla band, 64 in number, three of whom were killed by Major Dennis, who received a contusion on the chest and a few slight wounds.

On the 7th October, 1813, a General Order, of which the following is an abstract, was issued by the Commander-in-Chief:—

Whereas considerable inconvenience has arisen from the number of Medals which have been issued in commemoration of the brilliant and distinguished events in which the success of His Majesty's arms has received the Royal approbation, the Prince Regent has been pleased to command that the following Regulations shall be adopted in the grant and circulation of such marks of distinction: viz.—

1st. That one Medal only shall be borne by each Officer recommended for such distinction.

2nd. That for the second and third events, which may be subsequently commemorated in like manner, each individual recommended to bear the distinction shall carry a Gold Clasp attached to the ribbon to which the Medal is suspended, and inscribed with the name of the Battle or Siege to which it relates.

3rd. That upon a claim being admitted to a fourth mark of distinction, a Cross shall be borne by each officer, with the names of the four Battles or Sieges respectively inscribed thereupon; and to be worn in substitution of the distinctions previously granted to such individuals.

4th. Upon each occasion of a similar nature that may occur subsequently to the grant of a Cross, the Clasp shall again be issued to those who have a claim to the additional distinction, to be borne on the ribbon to which the Cross is suspended, in the same manner as described in No. 2 of these Regulations.

His Royal Highness was further pleased to command that the distribution of Medals or Badges for Military services of distinguished merit shall be regulated as follows: viz.—

1st. That no General or other Officer shall be considered entitled to receive them, unless he has been personally and particularly engaged upon those occasions of great importance and peculiar brilliancy, in commemoration of which such marks of distinction are to be bestowed.

2nd. That no Officer shall be considered a candidate for the Medal, or Badge, except upon the special selection and report of the Commander of the Forces upon the spot, as having merited the distinction by conspicuous services.

3rd. That the Commander of the Forces shall transmit to the Commander-in-Chief, Returns, signed by himself, specifying the names and ranks of those Officers whom he shall have selected as particularly deserving.

4th. The Commander of the Forces in making the selection will restrict his choice to the under-mentioned ranks: viz.—

General Officers.

Commanding Officers of Brigades.

Commanding Officers of Artillery, or Engineers.

Adjutant-General, and Quarter-Master-General.

Deputies of ditto, and ditto, having the rank of Field Officers.

Assistants, Adjutant and Quarter-Master-Generals, having the rank of Field Officers, and being at the head of the Staff, with a detached Corps, or distinct division of the Army.

Military Secretary, having the rank of Field Officer.

Commanding Officers of Battalions, or Corps equivalent thereto; and Officers who may have succeeded to the actual command during the engagement, in consequence of the death or removal of the original Commanding Officer.

The Crosses, Medals, and Clasps, are to be worn by the General Officers, suspended by a Ribbon of the colour of the sash, with a blue edge, round the neck; and by the Commanding Officers of Battalions, or Corps equivalent thereto; and Officers who may have succeeded to the actual command during the engagement; the Chiefs of Military Departments, and their Deputies and Assistants (having the rank of Field Officers); and such other Officers as may be specially recommended, attached by a Ribbon of the same description to the button-hole of their uniform.

Those Badges which would have been conferred upon the Officers who have fallen at or died since the Battles and Sieges, shall, as a token of respect for their memories, be transmitted to their respective families.—*Vide the London Gazette, 9th October, 1813.*

The Income for this Branch for the year 1854 exceeded £183,000.

The Investments for the Life Policy Holders amount to £1,565,551.

The NEXT VALUATION will be made at Christmas, 1859; and Policies effected before that date will participate in proportion to the time they may then have been in force.

Rates and Proposals may be had at the Office in London, or of any of the Company's Agents, who are authorised to report on the appearance of Lives proposed for assurance.

RICHARD and JOHN SLACK, 336, STRAND, Opposite Somerset House.

TO MEMBERS OF REGIMENTAL MESSES.

MEMBERS of Regimental Messes, Residents in India and the Colonies, are respectfully solicited to inspect the articles supplied to them, purporting to be the manufacture of CROSSE & BLACKWELL, as in consequence of the great repute in which their various condiments and table-supplies are held, large quantities of goods are prepared so similar to theirs in outward appearance, that the deception is not discovered until the purchaser has opened them.

It is therefore important to all who wish to guard against disappointment, to carefully examine their purchases, as C. & B. do not guarantee any articles to be of their manufacture, unless bearing their name and address in full on the various bottles and corks. The indents C. and B. execute for the principal storekeepers in India and the British Colonies are most varied and extensive, comprising (among other preparations too numerous to be included in the limits of an advertisement) the following well-known supplies:—

Pickles of various descriptions, the whole (with the exception of white Onions and Mushrooms) prepared with pure White Wine Vinegar.

White Onions and Mushrooms prepared with pure Distilled Vinegar only. The Mushrooms are preserved immediately they are gathered from the grounds, at C. & B.'s factory at Lewes, Sussex.

The Royal Table Sauce, a warm rich sauce for cold meat and general purposes.

Essence of Anchovies, in the preparation of which none but the best Gorgona Fish are used.

The Celebrated Soho Sauce, for game, venison, fish, &c.

Dinmore's Essence of Shrimps, one of the most delicious sauces ever introduced for imparting a relish to all kinds of boiled and fried fish, and being milder than the Essence of Anchovies, has met with a decided preference; the true flavour of the Shrimp is fully retained, as it is manufactured on the sea coast, where C. & B. have a factory for this express purpose.

Sir Robert Peel's Sauce for general purposes; each bottle is labelled with a fac-simile of the late Right Hon. Baronet's letter of approval.

Soyer's New Sauces, one mild for Ladies, and one warm for Gentlemen; these sauces are manufactured under Monsieur Soyer's own direction.

Soyer's justly celebrated Relish, in universal use throughout the world.

Fruits in bottles for tarts, and Crystallised Fruits for dessert.

Jams and Jellies of the first quality, prepared with the strictest attention to the preservation of the fine aroma of the fruit.

BILLIARD TABLE.

MESSRS. THURSTON & CO.,

Billiard Table Manufacturers (by appointment) to Her Majesty,
 14, CATHERINE STREET, STRAND, LONDON.

PATENTEES OF THE IMPROVED VULCANIZED CAOUTCHOUC CUSHIONS,
 Which retain their elasticity in the coldest temperature.

The superiority of our Tables consists in the exquisite smoothness of the bed or surface, the unrivalled and DURABLE elasticity of the cushions, the whole being reduced to mathematical precision.

The late J. THURSTON has had the honour for many years to supply most of the principal Club Houses, as well as the Nobility, Gentry, and Officers of more than One Hundred of her Majesty's and the Native Regiments, stationed in all parts of the Globe, from whom he has received the most flattering testimonials.

In introducing ourselves as his Successors, we venture to hope that by endeavouring to uphold, in every respect, the high character this House has maintained for nearly half a century, we may merit a continuance of the patronage so liberally bestowed upon our predecessor.

At the same time, we beg to caution our friends and the public against spurious imitations of our Tables lately advertised by men professing to have left our establishment. We beg to say we have parted with none of our workmen whose services were worth retaining.

The Cushions of Old Tables can be Restuffed on the Patent Principle.

Cloths of the finest texture made expressly for Messrs. Thurston & Co. by the first house in the Trade. Balls of Superior Ivory, well seasoned and turned on the premises.

SODA, POTASS, AND MAGNESIA WATERS, AND
AERATED LEMONADE.

PRINCIPAL MANUFACTORY, BERNERS-STREET, LONDON.

BRANCH MANUFACTORIES.—LONDON-ROAD, LIVERPOOL; FRIAR-GATE, DERBY;
and at 65, CASTLE-STREET, BRISTOL.

SCHWAPPE & CO., the ORIGINAL INVENTORS, and still, by far, the largest Manufacturers in the World of the Invaluable Preparations, respectfully caution the public against those spurious articles sold under their names, containing not a particle of Alkali, and but an imperfect impregnation of Carbonic Acid. The temptation to the inferior Water is its low cost to the retailer, although, in many cases, the consumer is charged the same. To preserve the latter from this imposition, Schwappe's Waters are all distinguished by a label with their name, bearing the Royal Appointment. Their lettered bottle alone is no criterion, as many unprincipled makers fill these bottles with their own manufacture, and pass it off as Schwappe's. It is requisite, therefore, to see the label, and that it represent the name of Schwappe only.

SCHWAPPE'S LEMONADE

Is an agreeable refreshing beverage, and as a relief in cases of Fever and other inflammatory complaints is universally recommended by the Faculty; and they also strongly recommend their

LIQUID MAGNESIA,

An elegant preparation, which their long experience in the manufacture of Alkaline Waters enables them to produce in a state of the greatest purity and strength. This valuable Antacid is a certain remedy in cases of Gout, Heartburn, Acidity of Stomach, and is particularly useful for children during the period of dentition. In bottles, 1s., 2s. 6d., and 4s. 6d. each.

It is with much pride J. S. & Co. refer to the fact that they continue regularly to supply the royal palaces at Windsor and London with the above Waters, a distinction which they have enjoyed through many successive reigns, and that no other manufacture of the kind is so decidedly preferred by the aristocracy, and the public generally of the United Kingdom.

Importers of GERMAN SELTZER WATER, direct from the Springs, in quarts and pints.

METCALFE & CO.'S NEW PATTERN TOOTH BRUSHES, Penetrating Hair Brushes, and Smyrna Sponges. CAUTION.

To Tradesmen, Merchants, Shippers, Outfitters, &c.

WHEREAS it has lately come to my knowledge that some unprincipled person or persons have for some time past been imposing upon the public by selling to the Trade and others a spurious Article, under the name of **BOND'S PERMANENT MARKING INK**; this is to give Notice that I am the original and sole Proprietor and Manufacturer of the said Article, and do not employ any traveller, or authorise any person to represent themselves as coming from my establishment for the purpose of selling the said Ink. This caution is published by me to prevent further imposition upon the public, and serious injury to myself.

E. R. BOND

(Sole Executrix and Widow of the late JOHN BOND),
28, Long Lane, West Smithfield, London.

* * * To avoid disappointment from the substitution of counterfeits, be careful to ask for the genuine Bond's Permanent Marking Ink; and further to distinguish it, observe that No **SIXPENNY SIZE** is, or has been, prepared by him, the Inventor and Proprietor.

The Englishman and his Linen.

"It is observed by the Continental Journals, that the Englishman, although proud of the whiteness of his Linen, appears to care but little for the quality of its workmanship. This is yet the more strange, they further remark, as the British may fairly compete with the Swiss in plain, if not in fancy needlework; and, as an instance, dwell with much commendation upon the examples at the Crystal Palace, as shown in **REID'S SANS PLI SHIRTS**, in Class 20; the geometric ingenuity and correct anatomical knowledge therein displayed likewise eliciting most flattering eulogy."—*Globe*, June 25, 1851.

PATENT GUTTA PERCHA SOLES

FOR THE

ARMY AND NAVY.

THE GUTTA PERCHA COMPANY

Have pleasure in drawing the attention of the
COMMANDING OFFICERS OF REGIMENTS
TO THE FOLLOWING LETTERS.

From James T. O. Johnston, Esq., M.D., Surgeon,
23rd Regt.

Being at all times anxious to increase the comforts, and also preserve by every means the health of the *Soldiers* under my medical charge, my attention was applied to the subject of Gutta Percha Soles, and I can now state with confidence, from a trial, in some instances of two years, and in others for a shorter period, that they have proved exceedingly useful in preserving the feet from damp and cold, and at the same time being in no way injurious to the general health of the wearer.

All the Soldiers of the 33rd Regiment are supplied with Gutta Percha Soles from the Regimental Stores.

From Lieutenant-Col. F. R. Blake, 33rd Regiment.

In reply to your letter requesting my opinion with regard to Gutta Percha Soles, I have great pleasure in informing you that *I have made particular inquiries on the subject from those Soldiers of the 33rd Regiment who have worn them during the past year, and they decidedly give the preference to the Gutta Percha Soles, both for comfort and durability.* I have also constantly worn them myself, and can therefore speak from my own knowledge of the superior advantages of Gutta Percha Soles.

From Staff Sergeant Bass, 16th Queen's Lancers.

I have much pleasure in certifying to the excellency of your Gutta Percha Soles for boots. *I have now worn them more than three years, and find them far superior to leather in durability and lightness, with the still higher advantage of being completely impervious to moisture of any sort.*

The Gutta Percha Company have the pleasure to acknowledge the receipt of the following Testimonials from Officers in the Royal Navy :—

From Admiral Sir John Ross, R.N.

I have worn your Patent Gutta Percha Soles during the last two years, and have found them most valuable for preserving the feet dry and warm. They are very superior to leather, being not only perfectly waterproof, but also more durable and cheaper.

TO SAILORS Gutta Percha will prove a WARM FRIEND, owing to its peculiar property of resisting frost.

From Capt. George Snell, R.N., St. Giles, Norwich.

I have derived great benefit by the use of Gutta Percha Soles—they are both dry and warm. I regard them as most *invaluable* to invalids, especially to those suffering from rheumatism and head-aches. I have been in the constant habit of using them for *three years*, and consider them more durable than leather.

From Lieut. Rouse, R.N., Superintendent of the Greenwich Hospital Schools.

I have for the last three years worn Gutta Percha Soles, and from the comfort experienced in the wear generally, particularly in regard to dry feet, and also in durability, and consequent economy, I was induced to recommend the Commissioners of Greenwich Hospital to sanction their use in this Establishment, instead of Leather Soles. They have now been Six Months in general use here, so that I am, from experience in the wear and tear of Shoes for EIGHT HUNDRED BOYS, able to speak with confidence as to their utility, which in my belief is very great, and I am looking forward to its being the means, during the next winter, of preventing CHILBLAINS, from which we have greatly suffered.

I have much pleasure in giving this testimony, and you have my permission to make it as public as you please, in the belief that it cannot but be doing good.

Joyce's Patent Waterproof Anti-Corrosive Percussion Caps.

F. JOYCE

Has much pleasure in submitting to the notice of Sportsmen a greatly Improved Percussion Cap, for which a patent was granted on the 3rd of April last, and which can be warranted as the best Primer for Detonating Guns ever manufactured, whether for the ARMY, NAVY, or the FIELD.

The principle on which these Caps are made differs materially from any hitherto adopted; in lieu of Metallic Foils or Linings, as they are termed, and other substances of an equally injudicious character, which cannot be consumed without the introduction of the most corroding materials, these Patent Caps have their detonating composition covered with a highly waterproof substance, burning with as much facility as the powder itself, and in no degree detracting from that certainty and sharpness of fire, as well as anti-corrosive property, so necessary for the convenience and comfort of those who use them.

JOYCE'S PATENT CAPS

Are equally certain in all weather, wet or dry, and if firmly pressed down on the nipples, will close the apertures and render the powder in the barrels air-tight, keeping it quite dry. Sportsmen are recommended to re-load as soon as possible in misty and wet weather, otherwise the moisture deposited inside the barrel damps the charge, and occasions hang-fires.

This Society, established for the Collection of Rents, and Management of House and Landed Property, offers advantages not possessed by Private Individuals, particularly to House and Landed Proprietors residing abroad, and others compelled to manage their House and Landed Property through Agents.

By an improved system of collection, a greater degree of punctuality is obtained in the receipt of rents, and the security of the Society is offered for the punctual payment over of the money when received. By a vigilant supervision of the property, by duly qualified persons, deterioration and dilapidations, consequent upon neglect, are prevented.

The Society will undertake, at a moderate charge, to guarantee the payment of rents on a day certain, whether received at that time or not; such guarantee being secured by a Policy of Assurance issued by the Society to the landlord.

The Society guarantees to the clergy and lay improprators, the payment, on a day certain, of their tithe rent charges, whether received at that time or not; or they collect, without guarantee, at a lower rate of commission, making payments in advance if required.

To Trustees, Mortgagees, and Mortgagors, the Society offers great advantages in the guarantee and collection of Trust Monies, Interest, Rent, &c.

Every Information and Prospectuses may be obtained on application at the Offices of the Society, or by Letter, addressed to the undersigned,
